

Aller-Rescue

Sinus and Respiratory Health*

Fend Off Seasonal Allergens with Aller-Rescue

All-natural formula that works without drugs or stimulants to promote well-drained and ventilated sinuses.

- **Addresses Seasonal and Everyday Allergens**
- **Promote Normal Mucus Levels**
- **Maintain Free Breathing and Clear Sinuses**
- **Support a Healthy Respiratory System**
- **Maintain Optimal Response to Histamines**

Approximately 60 million Americans suffer from allergic rhinitis, causing itchy eyes, sneezing, sinus pressure, a runny nose or nasal congestion. Sensitivity to everyday allergens such as pollen, dust and pet dander is on the rise.

Not everyone enjoys the changing seasons, people with allergies may think their only choices are to be miserable, take drugs or find a way to stay in an allergen-free environment. The good news is that there are natural ways to support the immune system to regulate the body's allergic response.

Whether you are plagued with everyday or seasonal allergies, a healthy respiratory system can make all the difference in how you feel. Aller-Rescue is an advanced formula that delivers a powerful combination of 10 targeted nutrients to bolster your immune system, support a proper histamine response, and regulate normal mucous levels. Aller-Rescue promotes clear breathing each and every day. It takes relief to the next level, with an extraordinary formula you won't find anywhere else.

Fight Allergens the Natural Way
Breathe Freely in Complete Relief and Comfort
Comprehensive Formula – Value Priced at \$17.95

Aller-Rescue - 60 Tablets

Ingredient Listing

Each serving of Aller-Rescue contains:

1. **Butterbur Extract** - Highly effective botanical to support to promote free breathing and regulate normal histamine response with no sedative effect. Histamines can cause an overreaction of the immune system triggering allergy symptoms. **50 mg per serving.**
2. **Elderberry Extract** - Supports the immune system and normal inflammatory response, optimizes sinus drainage, clear sinuses and overall respiratory health. **50 mg per serving.**
3. **Quercetin** - By inhibiting the release of histamines and other inflammatory compounds, Quercetin regulates the allergic-inflammatory response that causes itchy eyes and runny nose. **500 mg per serving.**
4. **Rutin** - A plant compound that is an important component of the Vitamin C complex of nutrients. Rutin regulates release of histamines to support normal response to allergens. **500 mg per serving.**
5. **Bioflavonoids** - Increasing your intake of Bioflavonoids helps prevent the formation of histamines, as opposed to over-the-counter anti-histamines that act to interfere with histamine's action after it has been produced. It helps maintain normal nasal tissues, rather a swollen and congested condition. **500 mg per serving.**
6. **Bromelain** - A key enzyme from pineapple that helps the body absorb other nutrients, such as Quercetin. It also promotes normal inflammatory response and drainage of the sinuses. **500 mg per serving.**
7. **Vitamin A (Beta Carotene)** - Supports healthy bronchial passages and mucus membranes. Vitamin A works with other antioxidants to fortify the immune system so that it can optimally ward off infections. **20,000 IU per serving.**
8. **Vitamin C** - A potent antioxidant that has the ability to support the body's natural production of interferon, a powerful antiviral substance. Vitamin C also acts as natural anti-histamine. **500 mg per serving.**
9. **Vitamin D3** - Recent research has linked low levels of Vitamin D to allergic sensitivity, asthma severity and lower lung function. Vitamin D from Cholecalciferol has the best bioavailability. **400 IU per serving.**
10. **Zinc** - Supports the immune functioning of the thymus gland and the production of interferon. Over 90% of older Americans do not consume the minimum daily requirement of Zinc each day. **15 mg per serving.**
